

ACKNOWLEDGEMENT

“Good Industry Practices –Waterproofing for Internal Wet Areas” was first published in year 2001, with inputs from architects, main contractors, waterproofing suppliers/installers and members from the various construction industry professional associations, including the Real Estate Developers’ Association of Singapore (REDAS), Singapore Institute of Architects (SIA), Institution of Engineers, Singapore (IES) and Singapore Contractors Association Ltd (SCAL).

A Technical Committee for Good Industry Practices – Waterproofing for Internal Wet Areas was then formed to endorse the good practices identified. We wish to again express our gratitude to the Members and Chin Leong Corporation Pte Ltd for their contributions.
