

## Best VAP Builder and Best VAP Improvement Builder Awards

The CPA –Best VAP Builder Award and Best VAP Improvement Builder Award serve to further raise awareness and encourage builders to increase their productivity by taking ownership in monitoring their own productivity progress.

The new VAP awards will give recognition to progressive firms which strive towards higher productivity and encourage more builders to come on board the productivity movement in the construction sector.

### VAP Builder Award

Construction firms are classified into 2 different categories according to firm size:

1. Category 1 (annual turnover of S\$100 million and above)
2. Category 2 (annual turnover of below S\$100 million)

Firms will be further segregated according to their dominant (primary or main) type of construction works:

1. **General Builders**  
Builders engaged only in building works or building and civil engineering works
2. **Civil Engineering (CE) / Specialist Builders**  
Builders primarily doing civil engineering works or specialist works

Firm Category 1		Firm Category 2	
General Builders	CE/Specialist Builders	General Builders	CE/Specialist Builders
Max of 3 firms	Max of 3 firms	Max of 3 firms	Max of 3 firms
<b>Total maximum number of firms for Awards: 12</b>			

For each Firm Category, a maximum of three firms will receive the **Best VAP Builder Award**.
