Club President’s Speech

- **70 years have passed** since the formation of the then PWD and the present PWD-BCA Club….

- 70 years predates Singapore’s own independence, and represents the many decades of contributions by members of the then PWD and its successor agencies, to build a modern Singapore, and our continued commitment to do so….

  - The Club must **continue to remain united and committed in our collective mission to Build Singapore**…..

  - The Club’s Committee has mapped out **very interesting activities for our members**; catering for the young and the not so young, for the singles and for family with kids…. The Club will also **organise more family orientated activities**…..continue with the ever- popular short **trips** out of Singapore…

  - Strongly **encourage members to participate more actively in Club events**. The **revamped Club website is ready**,** do visit the Club webpage regularly so that you can get regular updates on activities and events!**
